Note :

- **STUDENTS ARE INSTRUCTED TO GO THROUGH NOTICE THOROUGHLY BEFORE GOING FOR REGISTRATION AND THOSE WHO REALLY INTERESTED ARE ONLY NEED TO APPLY.**
- **It is compulsory to join the company if selected.**
- **Candidates demonstrating strong performance during the internship period will be considered for a Pre-Placement Offer (PPO).**
- **Students are directed to use their smartphone for the registration.**

Important Note:

The initial 4-week bootcamp phase is an evaluation and training period and will be unpaid.

Week 1: In-Office Foundations and Guided Training

Students are introduced to the fundamentals of their respective tracks through structured learning sessions and supervised practical exposure.

- **BDR/Sales:** GTM SaaS fundamentals, ICP identification, database building, and ABM basics
- **Marketing Operations:** Marketing fundamentals, KPIs, and CRM basics
- **Product:** Product fundamentals and user research basics

Week 2 : Advanced Concepts and Tools Exposure

Students move into deeper functional learning and practical tool familiarity.

- BDR/Sales: Cold calling strategies, email outreach frameworks, and LinkedIn prospecting
- Marketing Operations: Campaign tools, automation workflows, and ABM exposure
- Product: User stories, PRDs, and roadmap understanding

Week 3: Simulated Live Work Environment

Students begin working on simulated real-world assignments aligned with business workflows.

- BDR/Sales: Live prospecting on real accounts
- Marketing Operations: Running pilot campaigns and building dashboards
- Product: Writing user stories and shadowing product workflows

Week 4: Live Client Simulation and Evaluation

Students participate in structured evaluation through practical deliverables.

- BDR/Sales: Client briefing-based sprint execution
- Marketing Operations: Live campaign execution and panel review
- Product: PRD submission and testing-based assessment

Post completion of the 4-week bootcamp programme, the top-performing students from the cohort are shortlisted and offered paid internship opportunities, where they are deployed to client-facing assignments from Week 5 onwards.

Prof. (Dr.) Prachet Bhuyan
Professor, School of Computer Engineering,
Dean (T&P), & Chairperson (TMS), KIIT-DU

NB :

1. The Company will be shortlisting from the registered students list.
2. Find attached the AntBox Registration Process details & User Guide for Registration for your reference.
